

I A N M A D I S O N , P E

ELECTRICAL ENGINEER ■ ST. GEORGE PROJECT MANAGER

EDUCATION

Weber State University
BS EET
Minor CS

LICENSES

PE AZ License #57991

CAREER SUMMARY

I was raised in southern Utah and delight in being able to work on projects to serve Utah's Dixie. My area of expertise is with full electric design. Especially with fire alarm, utility coordination and construction administration. I am proud to be part of a design team that collaborates on a sustainable design that will meet the client's needs for years to come. I love going to the construction site and learning how the design concepts are implemented in the field. However, the best part is years later, when I visit the building and my children ask me what my role was in the building's design.

Brian Head Resort

MY NOTABLE PROJECTS

- Dixie Regional Medical Center (DRMC) - Gateway to Wellness
- Dixie Regional Medical Center (DRMC) - HPC 3rd Floor GI Physician
- Dixie Regional Medical Center (DRMC) - Life Flight Quarters TI
